The Public Private Partnership "(PPP) INDIA TRADE CENTRE" is registered in India under the direction of Hon'ble President to save suffering farmer(s), Disabled, Poor, Worker(s), Children, Women, Aged and Entrepreneur(s) who are bankrupted because of denying them just and justifiable value to their Produce or Service and deprived by not allowing opportunity to earn their share in national wealth consisting of national income and natural resources resulting in their suicide even when the very activity of the Farmer is producing Oxygen, Water and Food. Saving them from suicide by taking over LOANS & LIABILITIES and supporting their survival, welfare and well being by fixing 24 Hrs and 365 Days functioning HELP LINE deemed fundamental to support their survival, welfare and wellbeing by Hon'ble President of India to fulfill the "Objective of framing Constitution of India" as Promised by First Prime Minister of India Shri Pandith Jawaharlal Nehru when he declared that the "First task of this assembly is to free India through new Constitution- to feed the starving, to cloth the naked and to give every Indian fullest opportunity to develop himself according to his Capacity"

At the root of the issue lies the bare truth that, every Citizen including a Beggar pays indirect tax through every Purchase and Payment he makes but is neither allowed his share in national wealth consisting of national income and natural resources nor delivered "Fundamental Need(s)" which is pushing him to suicide. We have agencies to verify Creditworthiness of Citizen and divide them as useful (Educated) and useless (Illiterates) the depriving of opportunities are driving them to the path of Crime, Violence and Terror. We have agencies to collect taxes and payments when they are due and agencies to drain the taxes by advancing to useful (Educated). If Citizen fails we have laws and authorities for revenue recovery to acquire the Land of the Farmer, Home of Poor and Worker and Assets of Entrepreneur(s) and or, of their Sureties but unfortunately we have no agency to verify whether a Citizen earns his Share in National Wealth and or, is delivered "Fundamental Need(s)" for the Taxes collected from him through each and every Purchase or Payment.

To overcome this unfortunate situation the Hon'ble President of India directed the undersigned to Register "(PPP)-India Trade Centre" in India, which has been framed under "Foreign Trade POLICY DECISION" of Govt. of India in Romania being setup by Federation of Indian Export Organisations (FIEO) supported by Ministry of Commerce & Industry, Ministry of External Affairs, Govt. of India with the "Objective" of establishing "Trade Centre's" across the Globe for marketing Produce of Farmer(s) Goods and Services of Entrepreneur(s) to realize better Price by directly retailing to consumers for increasing income, employment and for empowering the

poor by enabling them to earn their Share in National Wealth consisting of National Income and Natural Resources by channeling their energy in constructive work such as Agriculture, Reforestation, Cleaning (Swatch Bharath) or in Service of others supporting survival, welfare and well being of all beings promoting brotherhood, peace and prosperity protecting Environment, Eco System and Bio Diversity.

Please note that Just and Justifiable value for work and delivery of "Fundamental Need(s)" are Constitutional, Fundamental, Human right of taxpaying Individual for fulfilling which the Constitution of India-the declaration of Citizen in Exercise of his Sovereign Will including Preamble and all provisions has been framed. This being the case you are requested to stop all proceedings regarding recovery of Loans and Liabilities of Citizen(s) already bankrupted because of DEMON-IT-SATION a "Indirect Financial Emergency" which has resulted in nullifying all his hard earned Money by making it un available to him, when he needed it badly. Now "(PPP)-INDIA TRADE CENTRE" will pay the outstanding due amounts on LOANS AND LIABILITIES. Necessary resolutions and decisions have already been taken to PAY not only from the income earned but pay using "BLACK MONEY, UNACCOUNTED MONEY, MONEY EARNED WITH OUT DISCLOSING THE PROPER SOURCE OF INCOME" to save Citizen(s).

The whole issue has been decided as per the Direction of Hon'ble President of India with the Knowledge of Prime Minister of India and support of Chief Minister of Puducherry, Kerala etc states. All important documents in this regard are attached herewith and you are requested not to proceed on recovery process without the consent of Citizen, and our Knowledge and without First Calculating total taxes collected from each and every Citizen and Goods and Services delivered to him to First square the account of our "BENEFICIARY PARTNER" the Citizen(s).

Hence you are requested to submit all details to enable he (PPP)-INDIA TRADE CENTRE to forward and submit to Hon'ble President's Office in the FORMAT given below.
